

# Achieve Excellence and Best Value on Your U.S. Government Contracts

With a global network, Expeditors provides highly optimized and customized supply chain solutions to the U.S. Government industry sector. Expeditors offers an array of services for U.S. government contracts, including transportation, customs and compliance, warehousing and distribution, and supply chain management. Our core services support various industries and address unique logistics challenges, all backed by advanced information technology systems operating on a single unified, global platform.

## WHY CHOOSE EXPEDITORS FOR U.S. GOVERNMENT CONTRACT WORK?

Expeditors' people are our greatest asset and differentiator in a crowded market. Our service delivery is led by a dedicated U.S. Government Services team comprised of U.S. military veterans and supply chain experts.

Expeditors understands the needs of Prime Contractors and U.S. Government agencies. We proudly provide services to the U.S. government and top-tier U.S. government contractors. We are a part of the U.S. Military's Civil Reserve Air Fleet (CRAF), operating as a subcontractor to a premier U.S.-flagged airline.

To meet our customers' needs for safeguarding highly valuable and/or vulnerable products, Expeditors has developed a unique set of global security standards. These standards are based on decades of process-driven service execution that upholds security and operational excellence.

## COMPLIANCE FIRST

As a publicly traded company operating in one of the most regulated global industries, Expeditors places Compliance first in our people, processes, and systems across the globe. Expeditors' office has dedicated personnel trained on import and export clearances involving DOS licenses, ITAR, EAR, ATF permits for imports, DOD contract handling, and duty-free certificates. All personnel are required to complete the False Claims Act (FCA) and Regulatory training.

## AMEIRCAN BORN, GLOBAL PRESENCE

Expeditors was founded in Seattle, WA in 1979. Since then, we have grown to a premier global leader in freight forwarding and transportation, and customs. We have 18,000 employees in 350+ Offices, in 100+ countries, and across six continents. We are publicly traded on NYSE (EXPD) and are proudly an American company facilitating trade around the globe.
