

GLOBAL OCEAN

LCL EXPRESS PLATINUM

SERVICE FROM SHENZHEN TO USA

This service offers a time effective and reliable alternative for shipments that require a faster routing than traditional LCL ocean services, and a lower cost than traditional Air.

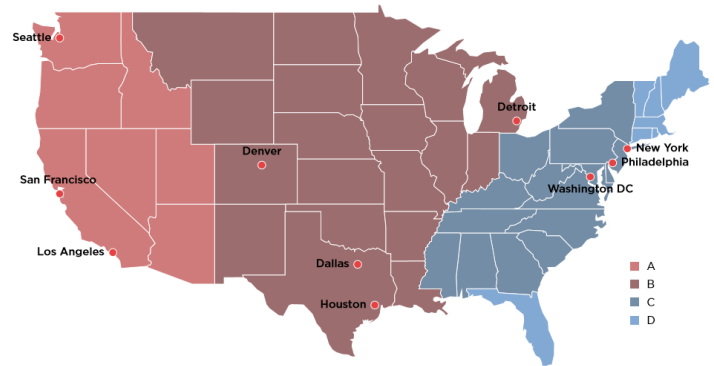

TRADITIONAL LCL VS. LCL EXPRESS PLATINUM

TRADITIONAL LCL

- 30+ days transit time from Shenzhen to Los Angeles (CFS/CFS)
- Multiple hub stops in route to final destination

LCL EXPRESS PLATINUM

- **19 days total transit time** (CFS to Los Angeles)
- **13 days ocean transit** from Shenzhen to Los Angeles
- **Direct-to-door** service from Los Angeles
- **Cargo Signal** service available for door-to-door visibility

	A	B	C	D
Traditional LCL	32 Days	34 Days	35 Days	38 Days
LCL Express Platinum	21 Days	24 Days	26 Days	28 Days

**Transit times are subject to change.*

- **Cost Savings:** Significantly reduce your overall transportation costs by **up to 50%** over traditional airfreight service.
- **Security:** LCL Express Platinum service moves within our global network and is managed directly by our employees which reduces the number of touch points to your shipments.
- **Visibility:** Our service moves on a single transportation document with a single rate per kilo from the port of origin up to consignee's door, and you can track your shipments on our EXP.O NOW platform or by signing up for our Cargo Signal services.
