

TRANSCON

LTL Services

OVERVIEW

In today's dynamic supply chain landscape, businesses require more than basic transportation—they demand reliability, visibility, and efficiency. Our Less-than-Truckload (LTL) Ground Service offers a premium freight solution that ensures consistent, secure, and timely delivery across North America. We connect over 100 major markets through 11 strategically located hubs. With more than 14,000 truck routes per month, Expeditors provides a dedicated network that supports seamless movement of goods.

KEY FEATURES

TIME DEFINITE DELIVERIES

Expeditors has industry-leading transit times through expedited line hauls and dedicated pickup and delivery services—ideal for businesses with strict scheduling requirements.

EXCEPTIONAL CARGO INTEGRITY

We prioritize freight protection. Advanced load-securing methods, including decking systems and load bars, minimize damage and ensure cargo arrives in optimal condition.

TRANSPARENT PRICING

Expeditors eliminates common industry pain points by offering clear, predictable pricing—free from reclassification fees, volume caps, or market-based surcharges.
