

# North America Domestic Transcon Services

EXPEDITORS TRANSCON

Expeditors Transcon is a customized suite of domestic service solutions offered throughout North America. We provide transcontinental air freight, domestic ground, and cross-border services. All our solutions are supported by Expeditors' people, best-in-class systems, and a network of 72 offices.

## GROUND

Domestic LTL, FTL, Standard, Expedited, Dedicated Use, Team Drivers & Specialized Equipment

## DOMESTIC AIR

Speed to market to meet transits via commercial airline, all cargo, and charter air options

## WHITE GLOVE

All inclusive end-to-end handling for high value medical devices, electronic & telecommunications equipment & retail and tradeshow displays

## TEMPERATURE CONTROLLED

Frozen, chilled, ambient controlled temp expertise utilizing state of the art monitoring

## CROSS BORDER

Local representation in the U.S., Canada & Mexico using only C-TPAT certified carriers and integrating Customs Brokerage, providing a seamless supply chain solution

## SECURITY

Real-time shipment monitoring using advanced cargo sensor devices connected to the shipment

## EXPEDITORS LTL GROUND NETWORK SERVICES (GNS)

Expeditors operates an LTL ground network with dedicated capacity to and from points within the USA, Canada, and Mexico. Operating 3,500+ truck routes per week enables our strategy of expedited line haul combined with value-added services at both pickup and delivery. Expeditors supports end-to-end ownership of operations and tactical management of shipments, with centralized oversight of the door-to-door transit to ensure cargo delivers timely and intact to the end customer.

- Seamless integration with local dedicated pickup up & delivery operations
- Utilize load bars, specialized decking systems, and straps to safeguard cargo integrity and maximize capacity
- Inspection of cargo at all transit points
- Market-leading claims ratio <0.01%

Pickup and delivery service to all points in the U.S. & Canada

Network moves an average of 5 million lbs. daily
