

CUSTOMS BROKERAGE SERVICES

KEY STRENGTHS:

- 6 licensed brokers
- End-to-end integrated service solution provider
- First Global Licensed Forwarder named as “Customs Agent”:
 1. Customs clearance business as a “Customs clearance handling corporation” and handling the customs clearance on the cargoes in the warehouses of Expeditors Korea at Incheon Int’l Airport, Suji DC.
 2. Professional licensed brokers, awarded classification and Customs valuation competition 1st and 2nd place for six years in a row (2018-2023)
- Approved third-party brokers:
 1. Supports clearance for shipments not stored in Expeditors’s bonded W/H regardless of freight forwarders
 2. Communication, compliance monitoring, systems, and reporting are all handled by EI CHB
- Systems, reporting, and visibilities:
 1. System integrated with Korea Customs approved system provider with automated clearance event milestones and customs entry details
 2. End-to-end visibility with the ability to exchange data electronically with customers

Expeditors customs brokerage is managed at all levels to provide an infrastructure for delivering compliant and consistent global customs services. Our structure supports in-country customs expertise with global oversight.

With our knowledgeable, professional teams & system, we can support customers in streamlining customs processes and offering solutions to supply chain enhancement with full compliance, including reliable transportation through our global network coverage.
